22 April 1952

| | MEMO FOR THE RECORD | |
|------|---|----------------------|
| | SUBJECT: Meeting with and Representatives from AFSA | 25X ² |
| 25X1 | 1. At 2:00 p.m. today, I had a conference with and Messrs. AFSA, at which it developed that telecrypto system is not now the one he acquired from that has studied it and approved it and placed an order for a few hundred machines upon which he has started production and under which deliveries will commence in January. | 25X °25X°25X° |
| | | 25X′ |
| 25X1 | 3. agreed to have working drawings and explanatory literature sent to me. | 25X′ |
| 25X1 | 4. He also agreed that, if the Government will permit it, and will send us within two or three months the two prototypes with which has been experimenting. We will be allowed to keep these machines until he can deliver two machines which we offered to purchase. | 25X′ |
| | 5. He claims also to be working on a device for short-wave transmission of his ciphering system, but this is apparently still in his head. | |
| 25X1 | 6. A commission is going to visit his plant shortly to look | |
| 25X1 | at his ciphering machines. The are also "interested." He asserts that none but the have seen it. | 25X1 |
| 25X1 | 7. The have not yet agreed to permit him to show others the system he developed for transmitting the key settings on his device. | |
| | 8. He is not working on any off-line ciphering devices. | |
| | | 25X′ |
